Kirsten Salon has been in business for over 18 years now. Years ago, Kirsten made the decision to become an Aveda Concept Salon. She believed in the quality of the product and also in the awareness the company raises around the world by their use of natural resources. We are a growing salon with a variety of hair, make-up, waxing, and nail services. Our staff continues to grow in a way to be able to serve all of our guest's particular needs. We have a comforting and relaxing atmosphere. Come in early and start your day with a cup of coffee or end your day with Aveda's own Comforting Tea.

"Our mission at Aveda is to care for the world we live in, from the products we make to the ways in which we give back to society. At Aveda, we strive to set an example for environmental leadership and responsibility, not just in the world of beauty, but around the world." –Horst Rechelbacher, founder, Aveda Corporation
