Financial Matters, a financial advising service, has been family owned and operated since 1992. It is all about helping the clients. We start the process by analyzing cash flow streams, existing retirement plans, savings programs, and insurance plans. Through research and discussions, we help our clients understand their individual financial goals, risk tolerances, and objectives. Putting all the pieces together, we make specific recommendations to help our clients achieve their goals.

We offer access to many types of investment products, such as IRAs, Roth IRAs, SIMPLE IRAs, 529 Plans, Coverdell ESAs, and brokerage services.

Separately, as a registered investment advisor, we also offer fee-based planning for those clients who prefer. In addition, we offer access to several insurance products, including Life, Disability Income, and Long-Term Care protection.

If you are interested in any of these types of services, please call (262) 538-3880 to schedule an appointment between 9 a.m. and 9 p.m., either at Financial Matters located at W301 N6595 Miranda Way, Hartland, WI 53029, or in the comfort of your home.

Securities are offered through the broker-dealer, Royal Alliance Associates, Inc. Member FINRA/SIPC. Advisory services are offered through Financial Matters, a Registered Investment Advisor.

Dr. Grant Lemke, D.D.S.

Dr. Grant Lemke can fix your teeth, restore sore gums, and brighten your smile without discomfort. With sedation dentistry, you'll feel like you slept through your appointments. You can have years of dental treatment done in just a few appointments.

A beautiful smile can brighten your life every day, professionally and socially. And unlike plastic surgery, cosmetic dentistry isn't a major operation. Imagine coming in for a single appointment or two and emerging with the smile you've always wanted...no pain, no strain, and no time taken away from your busy life. The results are immediate and dramatic.

There are many ways we can give you a youthful, attractive, natural looking smile! No more hiding your smile behind your hand or putting up with pain. Find out how sedation & cosmetic dentistry can change your life!
